Hi Valois,

I received your voice message and just following up on plans for a conference call. Patty is temporarily on a different assignment so new attorneys have been appointed to oversee the Dewey-Burdock project. We haven't really had any new activities. The PA implementation is on hold likely until the litigation decision is issued. We have had some interactions with the Oglala Sioux Tribe. All of the correspondence has been via letter and email, which you can view in the NRC's Agencywide Documents Access and Management System (ADAMS). I have provided those accession numbers below. My schedule is somewhat flexible next week,

more so available in the afternoons and free all day Friday. Please let me know if the attorney's participation is necessary for this call so that I can check on their availability.

Feel free to give me a call. (I've tried calling you and it goes directly to voicemail)
